

## **Pastor's Vision for the Mount Calvary Baptist Church**

**In order to provide everyone with a clear and concise statement of the Pastor's vision for the church. I have decided to break it down into sections. There should always be a scripture guiding our direction, and we find that inspiration from Proverbs 29:18a..... Where there is no vision, the people perish.**

### **Section – 1 Education (2 Timothy 2:15)**

**Individually we should always be striving to increase our knowledge of God's Word. We have built and developed a good foundation with our Sunday School and Educational Leadership Ministries. There is still room for improvement in both Ministries. The vision for this section is for us to establish ongoing classes including, but not limited to the following:**

- 1. Children's Church that includes computer assisted interactive lessons.**
- 2. Sunday School classes for each age group that have at least two teachers per class, computers, LCD'S and interactive boards in each classroom. Teachers that will annually present lessons developed by Mt. Calvary to the Sunday School and BTU Congress, as well as Association Workshops.**
- 3. Establish an ongoing Student Help and Tutorial Program, as well as Church Leadership, Discipleship, Finance, Job Skills Training and Godly Husband & Wife Classes.**
- 4. Develop some type of Bible Reading/Oratorical day each month.**

### **Section – 2 Fellowship (Hebrews 10:25)**

**How to improve and enhance our relationship with God, our individual families and with one another as a church family should be a top priority in our lives.**

**These can be enhanced by including the following:**

- 1. Provide Worship Services on each Sunday of each month. This will include a fifth Sunday 8:00 worship service.**
- 2. Establish a once a month Wednesday Fellowship Service that will replace Bible Study for that week.**
- 3. Develop Witness Teams that go out into the neighborhood on a regular basis.**

### **Section – 3 Future (1 Corinthians 15:57, 58)**

**We should never forget where we have come from, but always be looking to devise ways to get to where we would like end.**

- 1. Devise a written plan to purchase and develop all properties within the block that stretches from East Force to Gordon, Lee to Charlton Streets.**
- 2. Build a multipurpose complex within the block purchased.**
- 3. Hire someone to setup, operate and maintain the Media Ministry.**

**Yours in Christ,**

**Pastor David A. Adams**
